

SCALE OF SOCIAL DISTANCE

(Adapted from Bogardus Scale of Social Distance, Bogardus, E.S. (1932).
Social distance scale. *Sociology and Social Research*, 17, 265-271.)

Give your first feeling reactions in each case. Think of the stereotypes that you have of the whole group. How would you feel about the following:

| | Person who is African-American | Person who is Deaf | Person who is European-American |
|----------------------------|--------------------------------|--------------------|---------------------------------|
| Close kin by marriage | | | |
| In my friendship group | | | |
| On my street as a neighbor | | | |
| As my child's teacher | | | |
| As a co-worker | | | |
| As a boss | | | |
| Dating my child | | | |

| | Person who is Paraplegic | Person who is Bisexual | Person who is Arab-American |
|----------------------------|--------------------------|------------------------|-----------------------------|
| Close kin by marriage | | | |
| In my friendship group | | | |
| On my street as a neighbor | | | |
| As my child's teacher | | | |
| As a co-worker | | | |
| As a boss | | | |
| Dating my child | | | |
